

## Acceptable Use Policy (AUP)

Our AUP are divided into 2 sections. The first section concerns your adhering to the Laws of Denmark and Germany and the second section is expressing our company's strong guidelines of keeping our network clean at all times.

Violations of Danish and German Laws can lead to legal actions on our part and to possible immediate termination of your account without any prior notice. Violation of Danish and German Laws include but is not limited to;

- Child porn
- Drugs
- Terrorism
- Phishing
- ID theft
- Hacking
- Cracking
- DDoS
- Forgery
- Spam
- Copyright infringement

Violation of ASERGO's company policies include, but is not limited to;

- IRC servers
- TOR
- NNTP
- Open relay
- Proxy / Public VPN
- Port scanning
- Mining crypto currencies
- Flooding
- Spoofing
- Shells
- Warez
- Web crawler
- Unsolicited bulk e-mail
- Game servers

If you are unsure if your usage of ASERGO's services is compliant with ASERGO's company policies, please contact us for further information.

Violation of either national laws or ASERGO's company policies will result in one or more of the following actions;

- A ticket serving as a warning asking the customer to cure the breach of contract.
- Disconnection of ASERGO's services.
- Termination of the customer's services.

*These terms are subject to change without any notice. Version 16.06.*
